OUR MOTTO

Wealth of Knowledge Supercedes All Other Wealth.
Therefore, it is rightly said -
If you feed a man a fish, you feed him for the day.
You teach him how to fish, you feed him for a lifetime.

CLEAR VISION

JINGLE BELLS PUBLIC SCHOOL is committed to creating a safe and supportive environment that involves each student in a wide range of learning experiences. These are designed to provide a balance of academic, athletic, artistic and social opportunities thereby encouraging students to lift their aspirations to the highest level of their capabilities and interests.

JBS also fosters self-esteem and respect for others and creates a stimulating and caring atmosphere, an appreciation of the world we live in and our cultural heritage.

It is comprehensive education that would serve to empower the girls to take their place in the world of the future as caring, culturally enriched life-long learners and responsible adults.

"Children are living beings more living than grown-up people who have built shells of habit around themselves. Therefore, it is absolutely necessary for their mental health and development that they should not have mere school for their lessons, but a world whose guiding spirit is personal love."

-Rabindranath Tagore

MESSAGE FROM THE PRESIDENT'S DESK

We at Jingle Bells Public School offer a conducive environment to our students that allows for their overall growth & development into responsible citizens & professionals of tomorrow. Our Erudite Faculty's constant efforts to organise periodic workshops on improvement of teaching- learning skills, multi-intelligence thinking & creative thinking enables the development of high standards of academic excellence. There are also orientation programmes for parents, for the free exchange of ideas.

We, just like you believe in holistic education for your child, encompassing - academics, co-curricular activities, sports education and life-skills learning, our endeavour is to strike a balance between state-of-the-art infrastructure and an internationally acceptable education.

We not only emphasize global thinking, but also believe in preserving Indian culture & ideology . The traditional Indian values of humility , modesty , respect for elders are stressed upon .

We also create intellectual , social , emotional , spiritual & aesthetic development of the students to enhance their quality of life. Students are prepared for active , independent learning in an environment which fosters a spirit of enquiry & keen competition .

Yogesh Patel

PRESIDENT

MESSAGE FROM THE MANAGER'S DESK

Education is the basis of all progress. It is for this very reason that we forayed into education fifteen years ago. The experience of fifteen years has taught us that progress is possible only if men and women are equally well-educated. Thus we decided to launch the co-educational day school - Jingle Bells Public School.

After going through this prospectus, you will be convinced that we have done what we started out to do.

The sprawling campus, sports and academic facilities all bear testimony to this effort. In order to promote an internationally acceptable education, our key focus has been in faculty development - providing continuous teacher training in order to deliver real value education and excellence in academics. Teachers are trained not only to teach well, but are also expected to inspire confidence and trust in their students and become role models. Further, the School inculcates in the students a respect for tradition and enforces discipline and good manners.

Jingle Bells Public School encourages its students to learn about themselves and their constantly changing environment, while at the same time offering support and guidance as they practise decision-making and social skills.

We are confident that this school is the best place for your child. We welcome your active interest and involvement in the progress and activities of your ward. We look forward to your support.

Rajiv Kumar Bagga
Manager

RAJIV KR. BAGGA
MANAGER

ABOUT THE SCHOOL

Jingle Bells Public School is an exclusively English medium school, JBS is setting new standards in education of children. The school is affiliated to the Central Board Of Secondary Education, Delhi (C.B.S.E. Affiliation No. 2130988). It is a co-educational day school from Nursery to XII.

MEANINGFUL EDUCATION

Excellence in all fields implies making pursuit of quality and excellence a habit. It also implies that one must cultivate purity of heart, fine manners and humanity.

Global understanding means developing an international prospective and a global vision to inspire one, to become a true citizen of the world.

Universal values are values like honesty, sincerity, truthfulness, hard work, etc. that are extolled in all religions. These are necessary qualities that are central to a life of fulfilment, not only for the individual but also for society.

Vice to the world implies that we should not busy ourselves in our own concerns or the concerns of our country alone. We must fix our thoughts upon those goals which will rehabilitate the fortunes of mankind and sanctify the hearts and souls of all.

Input : Meaningful Education

MATERIAL : Excellence in All Things
HUMAN : Global Understanding
SPIRITUAL : Universal Values
PHYSICAL : Service to the World

JBS Tunnel of Learning and Enlightenment

FORMATIVE
Pre-Primary

Mind : 'To Know'
Heart : 'To Love'
Spirit : 'To Be'
Body : 'To Serve'

Output : Enlightenment

"At JBS, we encourage children to strain every nerve to achieve both material and spiritual accomplishment."

Committed Faculty
Partnership with Parents

TRUSTED GUIDANCE

A Committed faculty and staff

The school has an extremely qualified and committed faculty. They are trained by our experts in the activity-based learning and teaching method.

In addition, lesson planning, classroom performance and contribution to co-curricular activities are under constant supervision of the Principal, who believes that the quality of teaching and learning must be of the highest order day-by-day, hour-by-hour, lesson-by-lesson. The school is also committed to staff development through the wide range of ongoing in-service programmes and workshops, which cover not only academic and pedagogy but also areas such as psychological counselling.

The staff student ratio is 1:30. Hence each child receives individual attention and feels comfortable to approach teachers for help in and out of the classrooms.

Partnership with Parents

We understand that the Parents' active participation in the activities of the school is essential if we are to flourish as a school community. We would like the Parents' experience to be a positive one.

Parents are well informed of all the school events through our website i.e. www.jbsbareilly.com. They follow their child's progress through the various Parent-Teacher meetings organised at regular intervals in the school.

The school also welcomes Parents to visit school to discuss matters of concern with the teachers.

This way we ensure that everyone contributes to the outstanding development of each student.

State-of-the-art Classrooms
Laboratories & Library
e-learning

FACILITATING LEARNING

Classrooms

Our classrooms are well ventilated with ample of natural and artificial lighting. Ergonomically designed furniture, a combination of white and green boards, display boards, teaching-aids & LCD projection equipment, facilitate the learning process.

Laboratories

At JBS we have all the laboratories with latest equipments and instruments to help students get the practical knowledge required. We have with us - Computer Lab, Physics Lab, Chemistry Lab, Biology Lab, Maths Lab.

Library cum Resource Centre

There is a well equipped library with an extensive range of reference books, newspapers, magazines, periodicals, educational CDs. A qualified librarian is always available, who enables students rapidly to locate books of their choice.

e-learning

At Jingle Bells Public School we are providing computer aided teaching at the pre-primary school level. Our tiny 'computer literates' can navigate the “virtual” world with ease. JBS strives to create a “Connected Learning Community” where students and teachers have access to technology and are well connected.

House System
Superb Sporting Facilities
Music and Dance

BEYOND THE CLASSROOM

House System

The house system has a special relevance at JBS. The school is divided into four houses PURITY, HONESTY, HARMONY, MODESTY . Each house is an autonomous unit under the care of the house masters assisted by other teachers. It is a structured community within which a child develops the feelings of loyalty, responsibility of living in a family and leadership. The houses compete in a wide variety of fields like dance, music, debates, quiz, sports tournaments, etc. In fact these activities test students and encourage them to exploit their hidden talent.

Sports

The development of mind and body go hand-in-hand. In short physical education plays a vital role in creating confident individuals.

Therefore sports are an integral part of our education system. We have facilities for:- Athletics, Swimming, Badminton, Table Tennis, Skating, Basketball, Cricket, Chess, Gymnastics, Taekwondo, Hockey, Soccer & Volleyball.

Music and Dance

Particular emphasis is laid on music and dance. Indian classical & folk dance, western music & dance and singing are offered to students to develop their skills and musical appreciation. We also organise in our school “The Annual Cultural Event” to develop confidence of students on stage.

Public Speaking
Art and Craft
Celebration of Festivals

INSTILLING CONFIDENCE

Creative writing and public speaking

Opportunities for Creative Writing and taking part in Debates, Recitation and Declamation, to improve rhetorical skills and eloquence in public speaking are provided. More importantly, students are encouraged to exhibit these skills. They are sent to represent the school in co-curricular fixtures hosted by other schools.

Art and Craft

Students enjoy the Art and Craft classes very much. They do various kinds of paintings, pottery, collage, sculpture with wood and clay, embroidery, cooking, etc.

Celebration of Festivals

We like our students to be modern yet be proud of their heritage and imbibe a strong value system based on mutual respect for other cultures and traditions. Thus we celebrate all the festivals with equal reverence and fervor.

Pronunciation Programme
English Speaking Orientation Programme

FOCUS ON SPOKEN ENGLISH

- Started fifteen years ago under the supervision of the Department of English, the "English Speaking Orientation Program" proved to be popular with the students.
- The English Speaking Orientation Program is accelerating improvement in spoken English of JBS students.
- Another programme that combines English Literature and English Language has placed emphasis on oral, comprehension and expression, instead of just written.
- A new pronunciation programme is added to this, with emphasis on proper pronunciation of English.

CODE OF CONDUCT

The school prides itself on high standard of discipline and code of conduct. It expects from its students to adhere to the code for:

1. Personal hygiene, Attendance and Punctuality.
2. Behaviour, Good manners, Language and Conduct.
3. Respect for others, for the school, its property and image.
4. Adhering to school rules and regulations in all areas.

Any breach of Code of Conduct could result in fine. In extreme cases, this could also result in suspension or rustication of the student. The school's decision would be final and binding in all such cases.

CREATING CAREERS

Provisions for Career Oriented Studies

The main motto of seeking education is not just about gaining knowledge but is to develop a career. Career education at JBS helps students acquire and enhance skills needed to discover career paths. Hands-on training helps in developing practical skills required for the job profile. Career-focussed education gives the experience of a professional path with an advanced focus on a particular career field. This is achieved by:

*Quality education in all subjects by employing the best faculty.

*Creating interest by organising Seminars & interaction with successful alumni of Engineering/ Medical/ Civil Services / Defence Services.

*Specially designed course of study by experts in competition oriented studies.

*Exposure to different fields of education through Audio-Visuals.

Carving new Entrepreneurial Career paths: We have seen a hike in entrepreneurship. There are kids with creative ideas, who are not seeking a job in the first place. They are straight away pitching for a startup soon after completing college. Some keep working during their studies as well and end up building companies before they even graduate.

Entrepreneurial studies during school will play a good role at these points by providing the initial knowledge. This would also decrease the risk of failure for students.

Merit wins the charm....
